	763	497	273

## Legend

- Funded Beds funded 2019/20 Budget appropriation.
- Bed spaces Physical bed space.
- Capacity The difference between physical bed space and funded beds.

## Notes

\* Funding for 44 new beds announced 2/09/19

# Includes vacated Neonatal Intensive Care Unit spaces which are not equivalent to an adult inpatient bed.

This fact sheet counts current and commissioned K-Block funded inpatient stays (≥ 24 hours) at the RHH and Repatriation Centre as at October 2019. Other THS inpatient beds are not counted here.

Minor changes to number of inpatient stays over time are generally the result of changes to models of care.
